## Waxing & AFT Hair Removal Information

We are known as Brisbanes Brazilian Specialists, & all of our waxing is carried out with Your modesty & comfort being our primary concern. If it is your first time being waxed, it can be a daunting prospect to some, but you don't have to worry. We provide disposable underwear if required (not overly sexy, but effective!) & always have a modesty cover over You so you feel secure & comfortable. All of the waxing services at Bronzed Brazilian are carried out using the highest quality waxes & lotions on the market. Remember, Bronzed Brazilian are WAXING SPECIALISTS, and waxing is an integral part of our success, so you are in the very best of hands!

With our **HARMONY AFT** Pulsed Light equipment, You now have the option of **PERMANENT HAIR REDUCTION**. AFT is the newest technology in this area, and offers a less painful & more efficient treatment than existing IPL machines. The **HARMONY AFT** equipment also allows us to provide **SKIN REJUVENATION** procedures that can erase skin damage & give you a healthier looking skin. Problems such as wrinkles, freckles, brown sunspots, blotchy skin colour, redness of the face & neck, and uneven skin pigmentation are just some of the areas that can be treated by using the Harmony AFT Skin Rejuvenation capabilities. Ask our staff to make a time for your **FREE consultation & test patch**, or call our AFT Technical Specialists to find out more.

## Skin Treatments

Bronzed Brazilian now offers a complete range of non-surgical procedures used for combating the signs of Aged or Damaged skin. By using a combination of Microdermabrasion, Aspect Clinical Skin Peels & AFT Skin Rejuvenation, we are able to offer a range of treatments that are suitable for all skin types, giving your skin a smoother, brighter, firmer and fresher look & feel, while promoting collagen growth & invigorating cell renewal. This helps in creating a healthy balanced skin surface and youthful appearance.

## MICRODERMABRASION

Microdermabrasion works by spraying a jet of fine micro-crystals across the skin. The crystals lift dead skin cells and are removed by vacuum suction, whisking away years of built up dead skin cells. This painless cosmetic treatment improves or eliminates skin imperfections, and helps promote collagen growth & cell renewal to create a balanced & healthy skin surface.

Microdermabrasion can help improve, treat & lessen the appearance of ;

- \* Pigmentations
- \* Sun Damaged Skin
- \* Aged Hands
- \* Acne prone skin
- \* Congested skin with open pores
- \* Pitting from acne scars
- \* Blending & improvement of appearance
- \* Tired & dull skin
- \* Blackheads & unclear complexions

Whilst you will notice an immediate improvement in your skins texture & appearance, Microdermabrasion is not an over-night fix. A course of treatments is recommended to achieve maximum results.

## ASPECT CLINICAL SKIN PEELS

Aspect Clinical Skin Peels are clinical strength results oriented corrective treatments that are far superior to any ordinary facial in terms of truly visible results & long term durability. We are now able to offer a complete range of ASPECT Clinical Skin Peels that cater for all skin conditions and that will give you the outcome you desire. A course of Skin Peels is recommended, and they can also be used in conjunction with AFT Skin Rejuvenation or Microdermabrasion for exceptional results.

Retinol Brulee Professional - \$125

Medical Strength Anabolic Resurfacing Treatment - Minimizes time damaged skin, fine lines, wrinkles, dull, rough and lack luster texture, visible pores, and minor discolourations
